

# Get creative after school!

## New content for next academic year!

### Little Coders

*Years 1 and 2*

Our incredibly popular Little Coders after-school club is designed for our youngest coders who want to learn the basic principles of coding in a fun, practical and exciting way. Building on the KS1 computing curriculum, students will learn about simple algorithms, loops, variables, animation, level design and more through coding their own simple games. Not to be missed!

### Coding

*Years 3 - 6*

Calling all budding game designers! Our highly-rated Coding after-school club allows older children to create and publish their own unique games using our custom platform, Code Camp World. We have made Code Camp World as accessible as possible, meaning that children can focus on the fun aspects of coding whilst developing problem-solving and creativity skills.

## What will my child need to wear?

- Spare kit that is comfortable and easy to move around in.
- Suitable footwear (trainers).

Please note that you will **not** be required to buy a welcome pack as suggested on the website. This is only for our community classes and after school clubs are exempt.

Our after school clubs offer the chance to learn the basic skills involved with rugby – **skills that are transferable to other sports and activities.**
